Dear ██████████

Thank you for your email dated 13 July 2026 in which you requested information on playgrounds managed by Council.

In this email you asked for the following:

- *Total number of playgrounds managed by your council*
- *Excluding pump tracks, skate parks, BMX facilities, scooter tracks, fitness stations, and similar non-playground assets, but can include parkour parks.*
- *Total area (m²) of playground surfacing, aggregated by surface type (i.e. area of each surface type such as X m² wet-pour, X m² wood chip, X m² tiles, etc.)*

Definition: *For the purpose of this request, a playground is defined as a space containing fixed play equipment designed primarily for children.*

Clarification: *Surface area refers to the area of playground surfacing associated with play equipment. This may include fall zones and adjacent surfaced areas. Precise fall-zone measurement is not required. Estimates are acceptable where exact measurements are not available (these should be identified accordingly).*

Please categorise surfacing as:

- *Wet-pour rubber*
- *Rubber tiles*
- *Artificial turf*
- *Wood chip/bark (playground compliant, not arborist mulch)*
- *Pea gravel*
- *Sand (when used as a fall surface, not as a sand play feature)*
- *Other (please specify)*

Council has reviewed your request and can provide the attached spreadsheet which lists the total number of playgrounds managed by Council.

However, we do not centrally hold a record of the other information listed in your request for each location. To fulfill this request would require a staff member going to the different playground locations to manually collect the other information requested; and as we are a small council, we do not have the resources to undertake this work. Where a request is made for information that does not exist or is not held, the agency is not legally obliged to create it in order to respond to a request. Therefore, we are refusing the remaining items of your request under section 17(g) of the LGOIMA Act 1987 as the document alleged to contain the information requested does not exist.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz.

If you wish to discuss this decision with us, please feel free to contact the Governance Team via governance@goredc.govt.nz

Yours sincerely
