Dear 

Thank you for your email dated 28 May 2026 in which you asked for an explanation into changes to the asset data at .

During a CCTV inspection project undertaken in the area by the 3 Waters Asset Manager and the Senior GIS officer of the Council, it was identified that the pipework for this address had not been correctly recorded within the Council's mapping system.

As a result, the asset information was reviewed and corrected. These updates were completed in August 2023 and can now be viewed on GoreDC Maps. Here is the link to [GoreDC Maps](#). Please see below for an updated map for your property.

Therefore, should a connection be required, you will now be able to accurately locate where the section main ends and connect into it.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz.

If you wish to discuss this decision with us, please feel free to contact the Governance Team via governance@goredc.govt.nz

Yours sincerely

Jason Domigan
General Manager – Critical Services
