S146.057 Southland District Council	ASW - General	Some provisions dealing with natural character and waterbody margins may be better placed in a NATC - Natural Character chapter or supported in such a chapter. Support in principle but some provision may be better placed in a NATC chapter. In order for migratory fish species populations to be healthy in the Mataura River, Southland District Council may need to align policies specific to the Mataura River with those of GDC.	Decision 46	
S140.015 Robina Johnston	Cross Boundary Issues	Good communication is key to cross boundary issues, expresses concern about disconnection between wards and communities.	Reject	
S101.003 Transpower New Zealand Limited	Cross Boundary Matters	Retain "Water and Infrastructure systems - Including the National Grid" in the list of cross-boundary issues as notified. Transpower generally supports the description of cross-boundary matters. Cross-boundary matters are particularly relevant to Transpower given the linear and extensive nature of the National Grid	Accept

FS28.004 Kainga Ora		Reject S132.011 KiwiRail Holdings Ltd. *Kāinga Ora consider that the development and upgrading of an activity (such as rail, highways or industrial activities) should look to mitigate effects at source.*		
S95.007 PowerNet Limited	Definition Reverse sensitivity	Amended definition as follows: " ...or curtailed by the possible establishment or alteration of another activity ...". PowerNet supports the general intent of this definition, however, it considers that amendments are needed. The phrase "more recent establishment or alteration of another activity" implies that reverse sensitivity is not relevant until such time as the new sensitive activity is physically established and the reverse sensitivity effects are in place. This definition should enable the risk of reverse sensitivity effects arising to be managed so that these effects do not occur.	Accept in Part	Yes
FS28.005 Kainga Ora		*Reject S95.007 PowerNet Limited the 'possible' establishment or alteration of an activity is far too vague. Making what could be managed by 'reverse sensitivity' provisions far too restrictive*

S115.002 Kevin Robertson	Description of the District	Amend description of the district: The dominant land use in the district relates to agriculture, and agriculture is the backbone of the district's economy. The contribution of agriculture to the district's economy should feature in the description of the district. Agriculture is the backbone of the district's economic well-being.	Reject	
FS9.3 The Royal Forest and Bird Society of New Zealand Incorporated	*Description of the District*	*Disallow S115.002* *The existing proposed wording of just 'the dominant land use in the district relates to agriculture' is sufficient to imply the economic benefits to the district's economy without explicitly stating/promoting it. Agriculture needs to be undertaken in a way that continues to provide economic outcomes for the district while sustaining and enhancing indigenous biodiversity were possible.*

S112.001 Waka Kotahi NZ Transport Agency	Relationship between spatial layers	Retain the Relationship between spatial layers as the inclusion of the street categories from the One Network Framework (ONF) recognise the shared, integrated planning approaches between land use and transport and is therefore appropriate to be used with the Plan	Accept	
S101.001 Transpower New Zealand Limited	Statutory Context	The table 'Relationship with other Plans and Documents' fails to identify the NPSET and NESETA as being relevant. Revise: National Policy Statements: The District Plan must give effect to National Policy Statements, including the National Policy Statement on Electricity Transmission and National Environmental Standards: The District Plan must not duplicate, conflict with or otherwise be inconsistent with a National Environmental Standards, including the Resource Management (National Environmental Standards for Electricity Transmission Activities) Regulations 2009."	Accept in Part	Yes
FS26.004 Mercury Ltd	Statutory Context	Allow S101.001 Transpower New Zealand Limited. The NPS-ET and NESETA are higher order planning instruments that impose a statutory requirement for the PDP to give effect to the NPS-ET and to not be inconsistent, duplicate or conflict with the NES-ETA.		
S149.029 Yrless	Zone map layer - general	Amend Residential, Commercial, and Mixed Use zones to revert to a simple approach. The zoning introduced is too complex and of limited utility given the size of the district. Support future development zones but should be zoned for their future use now.	Reject
